BIOGRAPHY

JAMES B. McCORMICK, M.D.

Dr. McCormick grew up in the Chicago south suburb of Hazel Crest and attended Thornton Township High School. Active in the Boy Scouts, he distinguished himself as an Eagle Scout at age 16. Upon graduation from high school in 1943, young McCormick enlisted in the U.S. Navy Hospital Corps where he achieved the rank of pharmacist mate. He was transferred to the V-12 officer training pre-medical college program.

Completing the pre-med requirements at the University of Notre Dame, he excelled in natural science slide preparation and formed the HistoSlide Company to prepare and sell teaching slides for the Bio-Sciences. Dr. McCormick was graduated from the University of Illinois College of Medicine in 1949. A general rotating internship and residency in clinical/anatomical pathology were completed at Augustana Hospital in Chicago in 1953. He is a certified by examination in the American College of Clinical pathologist, College of American Pathologists, American College of Physician Executives and the American College of Healthcare Executives.

In the field of Academic research, Dr. McCormick has published many research papers in peer review journals . In areas of healthcare organization and practice he has served as president of the Chicago Hospital Council and President of the International Healthcare Association.
Along with clinical research, Dr. McCormick has been devoted to teaching natural science and designing improved laboratory equipment and methods for our new era in scientific medicine. Between 1957 and 2010, Dr. McCormick has been granted 45 patents for a broad variety of laboratory and clinical science applications. Among his patents which have perhaps changed the standard of surgical pathology in 95% of the world are the microtome cryostat for immediate frozen section diagnosis, and state of the art tissue processing tools that include Tissue Tek for processing and embedding tissues for microtomy , automated instruments for hematology slide staining and microscopic slide examination in clinical laboratories, and process systems for histopathology.

Dr. McCormick joined the staff of the Swedish Covenant hospital in 1957 as director of the laboratory and member of the Medical Staff Executive Committee.

With a group of fellow Swedish Covenant physicians and board members, Dr. McCormick formed the Paul Carlson Medical Program to provide funding and staff for mission hospitals in northeastern Zaire. Along with this medical mission development, Dr. McCormick formed a computer-assisted laboratory, clinical physiology, and medical information system for use in underdeveloped nations and sophisticated urban teaching hospitals. Systems in French, Italian, and English were installed in Zaire, Italy, France, Montreal, and Chicago.

In 1983, the Swedish Covenant Hospital Board of Directors recruited Dr. McCormick to accept appointment as President/CEO of Swedish Covenant Hospital; with a charge to address the paradigm change of healthcare and direct the re-engineering of all hospital departments. The goals of expansion in structure, function, and economic stability were achieved and the hospital

campus doubled in size and service.

During his tenure as the hospital CEO, Dr. McCormick was awarded recognition as a distinguished Physician Executive by the American College of Physician Executives and elevated to fellowship in the American College of Healthcare Executives.

Dr. McCormick is the emeritus chairman of SCH Laboratory Department, emeritus president/CEO of the Swedish Covenant Hospital, board member of the Galter Life Center , and member of the development board of Hospital, San Raffaele in Milan, Italy.

In the area of Laboratory Instrument Design, Computer Systems for advanced Laboratory Operations, and Health Testing. Dr. McCormick has been the founding entrepreneur of three companies with laboratory products and services having global outreach that were later merged with major international companies.

In the present, his work with laboratory instrument and product design continues with innovative new patented products for work process in Histotechnology Laboratories and the management of Pathology Specimens in clinics and Physicians Offices.

Dr. McCormick's most recent entrepreneurial advancement was the March 1988 sale of his share of the McCormick Scientific Co., a St.Louis based supplier of both patented and commercial Histotechnology Consumable Products, to the Biosystems division of Leica Co.

In agreement with this sale Dr. McCormick is now employed as the Chief Scientific Officer of the Richmond Il. Based Leica-Biosystems division of the Leica Corporation, a holding of the Danaher corporation.

Dr. McCormicks office and development Laboratory is located in a modest 1200 sq.ft. facility at 2810 W. Foster Ave. Chicago 60712, Ill.
Located across the street from the Swedish Covenant Hospital , he retains consulting privilege with the Anatomical Pathology Department that is contracted with Leica to assist with modest testing protocols of Histotechnology consumable products and methods that Dr. McCormick is designing for Leica-biosystems.

In areas of community Service Dr.McCormick continues as Chairman of the Swedish Covenant Hospital Foundation, is a board member of the Galter Life Center, and consultant to the president of Hospital San Raffaele, Milan Italy.

Dr. McCormick and his wife Suzanne live in Lincolnwood, their son Jeremy is an Orthopedic Surgeon on the faculty/staff of George Washington University, St. Louis, with his Wife Maggie, a Pediatrician, and mother of Gabrielle, 2 years. Their daughter Amanda lives in Manhattan, married to Matthew, an I.P. attorney, and she is a V.P. of Marketing, Ralph Lauren Corporation.

The future for Dr. McCormick is a continuum of the past success with his wife Suzanne, children Jeremy and Amanda, and their children, and the love of the family relationships that have always shared and promoted innovations in life and the productivity of each FULL day.

CURRICULUM VITAE

JAMES B. McCORMICK, M.D.

PRESENT POSITIONS:

Chief Scientific Officer Leica-Biosystems,Richmond, Il.
Chairman,Board,SCH Foundation
Member, Finance Committee, S.C.H.
Principal, Science Heritage Ltd.
Board Member, Int'l Health Evaluation Promotion Association,
Board Member, Reilly Center, Univ.Notre Dame,

PRESENT CONSULTING POSITIONS:

Consultant in Science , Hospital San Raffaele, Milan, Italy
Founders, James and Suzanne McCormick Montessori Child Care Center of SCH
Consultant to pathology department, SCH

SOCIETIES AND MEMBERSHIPS:

American College of Healthcare Executives (Fellow)
American College of Physician Executives (Fellow)
American Medical Association
College of American Pathologists (Fellow)
American Society of Clinical Pathologists (Fellow)
Armed Forces Institute of Pathology
International Health Evaluation Association (President – 2001/2003)
National Society of Histotechnology
Royal Society of Medicine, London

EDUCATION/CREDENTIALS:

B.S., University of Notre Dame, 1947
M.D., University of Illinois, College of Medicine, 1949
Internship, Augustana Hospital, Chicago, 1949
Residency, Anatomical and Clinical Pathology, 1950-53
Illinois License for the Practice of Medicine, 1950
Board Certification in Clinical and Anatomical Pathology,
American Board of Pathology, 1954

EDUCATION/CREDENTIALS: (CONTINUED)

Fellow American College of Physician Executives, 1985
Diplomat American College of Healthcare Executives, 1987
Sc.D., North Park College, Chicago, 1991
Fellow, American College of Healthcare Executives, 1994

2/10/10

Patents of J.B. McCormick, M.D.

U.S. PATENT NUMBER	DATE ISSUED	PATENT NAME

U.S. PATENT NUMBER	DATE ISSUED	PATENT NAME
2,763,070	5/18/56	Plastic Molded Anatomical Model & Method of Molding Plastic Articles
3,115,460	8/22/61	Embedding Structure & Method
3,119,491	12/24/63	Centrifuge Container
3,190,164	1/28/64	Container
3,191,476	6/22/65	Anti-Roll Device
3,198,713	8/3/65	Stacked Petri Dishes
3,204,424	9/7/65	Microtome Specimen Freezing Apparatus
3,212,379	10/16/65	Microtome having means to incrementally feed the cutting blade toward the specimen carrier
3,218,896	11/23/65	Specimen Freezing Device for use with a Microtome
3,228,857	1/11/66	Device for Separating Petri Dishes
3,233,965	2/8/66	Sterilization means for a refrigerated chamber containing a microtome
3,233,975	2/5/66	Prothrombin Reaction Chamber
3,235,175	2/15/66	Method of Collecting & Condensing a Medical Specimen
3,244,872	4/5/66	Handle & Candle Holder for a Jack-O-Lantern
3,293,966	12/27/66	Microtome Anti-Roll Device
3,317,274	5/2/67	Device for Supporting a Clinical Thermometer
3,319,289	5/16/67	Apparatus for Mounting a Specimen
3,431,866	3/11/69	Apparatus for Applying Liquid to Slides
3,674,396	7/4/72	Biological Specimen Processing & Embedding Apparatus, re-issued 9/17/94
3,687,130	8/29/72	Instrument to Measure Pulmonary Function
3,731,806	5/8/73	Specimen Analysis Device
3,745,091	7/10/73	Biologic Reaction Chamber Apparatus/Tissue Culture Container

U.S. PATENT NUMBER	DATE ISSUED	PATENT NAME
3,788,317	1/29/74	Porous Absorbent Pad Electrode for use with an Electrocardiograph Instrument
3,790,042	2/1574	Apparatus for Regulating the Amount of Fluid Administered Per Unit Time
3,794,982	2/26/74	Data Acquisition Device
3,810,461	5/14/74	Disposable Pulmonary Function Kit
3,683,911	8/15/74	Protective Seal for Catheter
3,879,106	4/22/75	Microscope Slide Slip Cover
3,925,901	12/16/75	System for Measuring Growth & Health Characteristics
4,146,364	3/27/79	Mixing Apparatus & Method for Blood Cell Suspensions
4,167,899	9/18/79	Disposable Unitary Coffee Maker
4,264,204	4/28/81	Method & apparatus for Preparing Fluid Specimens
4,557,903	12/10/85	Apparatus for Preparing/Embedding Tissue Samples for Histological Examination
4,569,647	2/11/86	Apparatus for Preparing/Embedding Tissue Samples for Histological Examination
4,576,796	3/18/86	Centrifugal Tissue Processor
5,080,869	1/14/92	Apparatus & Method for Preparing Tissue Samples for Histological Examination
5,156,019	10/20/92	Frozen Tissue Sectioning Apparatus & Method
5,269,671	6/28/93	Disposable Embedding Mold
5,461,953	10/31/95	Multi-Dimension Microtome Sectioning Device
5,665,398	9/30/97	Tissue Embedding Apparatus & Method - TurbOflow Process
5,928,934	7/27/99	Apparatus & Method for preparing tissues samples - MICROFLOW
10/720,330 Matter 73643	Pending	TURBOFLOW Stack Cassette
11/001,305	5/26/05	In Situ Tissue Processing Method and Apparatus
11/311,055	12/19/2005	Histological Specimen Cassette and Associated Method of Use

U.S. PATENT NUMBER	DATE ISSUED	PATENT NAME
11/347,959	2/6/2006	Microtome and Method of Reversibly Altering a Microtome
Matter - 73644	Pending	SMC Mount Card
Matter - TBD	Pending	tFlow Center

Feb.10 /2010

James B. McCormick, M.D.

BIBLIOGRAPHY

A chronological compilation of publications, presentations, seminars, workshops and miscellaneous writings.

1. Instruction Booklet Model 1949-1 *Histoslide camera for Photomicrography*, Histoslide Co. Inc., 949

2.* Text/Composition, *Anatomy Manual for use with AM-FM Series* Histoslide Models - Illustrated by H. Brandes, 1953

3. *Gonadotrophin Urine and Spinal Fluid*, Obstetrics & Gynecology 2:1 Jan., 1954

4.* *Anatomy Manual for use with AM-98 Series* Histoslide Models, 1954

5. *Tissue Distribution of Injected Radioactive Colloidal Chromic Phosphate*, A.M.A. Archives of Pathology, Vol. 58, pp. 187-201, Sept. 1954

6. *Antistreptolysin O Titer*, N. J. Menoslasino, Ph.D., Swedish Covenant Hospital Laboratory Bulletin, 1958-1

7. *Primary* Hyperparathyroidism, Swedish Covenant Hospital Laboratory Bulletin,

8. *Serum Protein Electrophoresis*, Swedish Covenant Hospital Laboratory Bulletin,

9. *Transport Medium for Microbiologic Cultures*, Swedish Covenant Hospital Laboratory Bulletin,

10. *Improved Tissue-Embedding Method for Paraffin and Carbowax, Using Tissue-Tek System*,
American Journal of Clinical Pathology, 31:2, pp. 195-196, 1959

11. *Technic of Restaining Faded Histopathologic Slides*, American Journal of Clinical Pathology, 31:2, pp. 193-194, 1959

12. *One Hour Paraffin Processing Technic for Biopsy of Bone Marrow and Other Tissues, and Specimens of Fluid Sediment*, American Journal of Clinical Pathology, 31:3, pp. 278-279, 1959

13. Proposal: *Rebuilding of Swedish Covenant Hospital: A Ten Year Program.* Drawn by Phil Egan, Sab Shimatani, 1960.

14. *Atlas and Demonstration Technique of the Central Nervous System*, Book published by Charles C. Thomas, Springfield, IL, 1961
15. *Serial Sections of Gross Anatomy - Plastic Gelatin Embedding Technique,* Archives of Pathology, Vol. 72, pp. 79-81, July 1961.

16. *Color Preservation of Gross Museum Specimens,* Archives of Pathology, Vol. 72, pp. 82-85, July 1961

17. *Panel Meeting Discussion of Laboratory Automatique*, Paris, France, Nov. 1964

18. *Diagnosis: PreDisease*, 20th Annual ISA Conference & Exhibit, Part IV Applications in Industry and Science, October 1965

19. *Diagnosis: PreDisease*, published by Instrumentation Society of America, March 1966

20. *Microcapillary Technic for Red Blood Cell Osmotic Fragility*, American Journal of Clinical Pathology, 46:3, pp. 392-392, Sept. 1966

21. *Historical Review of Tissue Embedding Technology - Part I 1884-1957; Part II 1957-1994*,
Graphic artist: Mr. David Westerfield, original date 1966, revised 6/29/94

22. *Manpower Consideration,* with J. Kopp, M.D., 1967

23.* *Health Maintenance and Quality in the Medical Record*, with J. Kopp, M.D., 1967

24. *Instrument for Aspiration of Large Ovarian Cysts*, with J. P. Fitzgibbons, Obstetrics and Gynecology, 29:6, June 1967

25. *Semi Micro Prothrombin Time Test Chamber*, American Journal of Clinical Pathology, 48:5,
pp. 511-518, 1967

26. *Opportunities in Medical Diagnostic Laboratory Practice for Non-Medical Corporations,* Prepared for Advisors, Directors and Consultants to Pathology Associates, S.C. and Pelam Ent., July 1967

27.* *Panel Discussion on Industrial Health Testing,* Medical Director's Club, Chicago Towers Club, Kemper Building, October 1967

28.* SCH Tape Presentation - re: Physicians' Time, 6/69

29.* *A Critique of Laboratory Facilities and Function with Recommendations,* 12/69

30.* *HQ Selective Health Testing System,* with J. Kopp, M.D., October 1970

31. *SMA 7A Field Trial at the Swedish Covenant Hospital*, with J. Kopp, M.D., R.C. Jessen, M.D., 1970

32. *Study of Swedish Covenant Charts - Medical History Information*, with J. Kopp, M.D., January 1971

33.* *Multiphasic Screening in Private Practice*, 3/71

34.* *Serum Water in Health & Disease*, 9/71

35.* *Information Handling in Health Care Field*, 6/71

36.* *University of Chicago Seminar*, with Dr. O.W. Anderson, Pelam Planning Staff, 3/72

37. *Abstracts from Communication Technology, Possible Futures of Communication Technology, Limitations of Communication Technology in Medicine*, The American Institute of Biological Sciences, Bioinstrumentation Advisory Council, The Art Gallery, Dubrovnik, Yugoslavia, October 1972

38.* *Manpower Effects of Selective Health Testing*, 1972

39. *The Snail of Ephesus and Me*, December 1973

40.* *Maintenance of Biomedical Equipment*, presentation in French, at L'Hotel, Trinis, Africa, Colloquium per Almquist, 1974

41.* Presentation at Hospitale San Raffaele, in Italian, Milan, Italy, May 14, 1974

42.* *Premed Examination for Entry to Healthcare System*, presented at New Orleans meeting, 1974

43. *TURBOFLO Histology Focus Group*, Marquet Research Assoc., 1974

44.* *Health Quality Measurement and You*, given to DuPage County Medical Society, January 1974

45.* *Experience with Five Consecutive Years AMHT*, presented to AAMI, Atlanta, GA, 1976

46. *A Growth Opportunity in Health Care Services for Physician Directed Groups*, 1976

47. *Laboratory Quo Vadis*, Technicon Proceedings, 1977

48.* *Admit Computer System*, presentation to IHEA in conjunction with AAMI meeting, Washington, D.C., March 1978

49.* *Laboratory Improvement Seminar*, Summary conference, Skokie, April 1980

50.* *Something Old - Something New*, Illinois Society of Histotechnology, Lutheran General Hospital, April 1980

51. ... *Inventing is 'such a high'*, Lerner Skyline newspaper article, 15:26, August 1980

52. *Report and Review of Attitude Survey Medical Staff*, Vernon, Leroy, The Vernon Foundation for Personality Research, April 1982

53.* SCH Board Presentation, Chicago, April 1982

54. Covenant Annual Meeting presentation, June 1982

55. *200 Years of Microscopy*, presentation to Rush-Presbyterian St. Luke's Medical Center, Chicago, August 1982

56.* *Growth and Development '82 thru '86*, presented at Pelam, Chicago, 1982

57. *A Visit to the Library of JBM and the Science Heritage Collection*, Chicago, August 1982

58. *Expectation Analysis*, January 1983

59. *Hospitalization Cost Reduction Through Behavior Modification of the Attending Physician*, Pelam, January 1983

60. *Fourth Annual Healthcare Seminar, Summary for Executive and Board Review, Epilogue Five Years Later*, Goldman Sachs, March 1983

61.* *Health Information Systems for IBM Personal Computers*, presentation to American Assoc. for Medical Systems and Informatics Congress, Chicago, May 1983

62.* DRG Presentation, SCH Medical Staff, Chicago, July 1983

63.* SCH Board Presentation, Chicago, January 1984

64.* A New Relationship for Pathologists and Hospitals, Chicago Pathological Society, Chicago,
February 1984

65.* President's Report to Board of Benevolence, Turlock, California, March 1984

66. *The DRG/AMHT Hospital Admission and Census Control System*, presented to American Assoc. for Medical Systems and Information Congress, San Francisco, California, May 1984

67. *Health Systems in Service to the Elderly*, Symposium of the International Health Evaluation Assoc., London, England, June 1984

68. *SCH Retreat Proceedings*, Planning Retreat for SCH, Lake Bluff, October 1984

69. *Strategies for Future Delivery of Laboratory Services,* with M. Knieser and D. Sharp, presented to Chicago Hospital Council, Chicago, November 1984

70.* President's Report to SCH Board, January 1985

71. *The DRG Hospital Record and Census Control System*, with E. Pastor, E. Schings, P. Breider, and C. Handler, Comments by A.R. Peterson, M.D., presented to IHEMC, Rome, Italy, February 1985

72. Service Guild Meeting, SCH, Chicago, February 1985

73. Slide Presentation to Supervisors, SCH, Chicago, February 1985

74.* Goldman, Sachs Sixth Annual Health Care Seminar, April 1985

75. *Board of Benevolence Report,* Plantation, Florida, March 1985

76. *The DRG Hospital Record and Census Control System*, (authors same as above), presented to AAMSI Congress, San Francisco, California, May 1985

77.* National Conference on Health Care Leadership and Management, Hilton Head Island, S. Carolina, May 1985

78. *Hospital Develops DRG Control System*, with E. Pastor and A. R. Peterson, M.D., Medical Director, 11:4, pp. 12-14, July-August 1985

79. Slide presentation to the Board of Benevolence, November 1985

80. *The Pathology, Ethical Issues, Suggestions and a Metaphor of Unity,* presented at the conference, "Getting Old is Not A Sickness, But Only A Moment of Growth in the Person", International Seminar by Fondazione Centro S. Romanello Del Monte Tabor, Instituto Di Ricovero E Cura A Carattere Scientfico, Milan, Italy, November 1985

81.* *History of Slide Preparation from 17th to 19th Centuries*, presented to State Microscopical Society of Illinois, March 1986

82. *President's Report to the Executive Board of the Evangelical Church,* Chicago, March 1986

83.* Report to Covenant Benevolent Institutions, Santa Barbara, California, March 1986

84. *SCH Administrative Manual of Polices and Procedures-Forward*, with Judy Borenstein, J.D., et al, Chicago, January 1987

85. *"Whittling" His Way Into History,* Histo-Logic, June 1987

86. *Enriched by the Heritage of Histotechnology,* Histo-Logic, August 1987

87. 1*8th Century Microscopes*, 187 page book published by Science Heritage, Ltd., 1987

88. *Hospitalization Cost Reduction through Game Play of the Attending Physician,* Chicago, 1988

89. *The Hospital Physician Executive: Roles, Responsibilities, Relationships and Resources,* presented to the Metropolitan Chicago Healthcare Council, Chicago, May 1988

90. *A View From My Office: Sculpting the New Century Program - SCH 2000,* Nurse Alumni talk, Chicago, June 1988

91. *Let's Go to Mars Together*, H. Dudley Wright Science Colloquium, Geneva, Switzerland, September 1988

92. *300 Years of Histotechnology,* National Society for Histotechnology Culling Memorial Lecture, Louisville, Kentucky, October 1988

93. *The Art of Whittling: An Anthology of Anecdotes and Patents,* Prepared for the McCormick Family, December 1988

94. *The Way It Was; The Way It Is; The Way It Will Be,* SCH Board of Directors presentation, Chicago, January 1989

95. *"Andiamo su Marter insieme"*, KOS Magazine, vol. 41, pps. 40-46, Febuary 1989

96. *300 Years of Histotechnology An Artform of Natural Science,* Presentation at Elon College, Burlington, North Carolina, March 1989

97. *The Future of the Hospital Laboratory*, AHA MediTrends Education Series, Chicago, April 1989

98. *Progress from the Other Side - 300 Years of Histotechnology,* given at the ASCP/CAP Spring meeting, San Francisco, California, March 1990

99. *200 Years of Histotechnology*, to the Illinois Society for Histotechnologists, Chicago, IL June 1990

100. *A Look at Dr. McCormick and his Antique Slide Making Workshop*, NSH In Action, February 1990

101. *The Making of a Hospital Physician Executive,* Physician Executive Journal of Management, 16:5, pp. 27-29, Sept./Oct. 1990

102. The *Hospital Drug War: Can We Win?,* presented at the 8th Annual SCH Open Forum, Chicago, October 1990

103. *Quo Vadis: The Church and Healthcare*, U.S. Church Leaders Conference, Chicago, March 1991

104. *Problems and Controversies in Laboratory Practice,* presentation to Chicago Pathology Society, April 1991

105. *A Tissue Sample Standard for Cytoblock Technology,* Lab Leader, May 1991

106. *NLRB Rule's Effect on Labs Uncertain, Comments, Reader reaction, JBM Response*, CAP Today, July 1991

107. *The Histology Professional - A Special Breed*, excerpt comments, Laboratory Medicine, 22:12, pp. 843, December 1991

108. *La guerra alla droga negli instituti di cura statunitensi",* KOS Magazine, vol. 78, pps. 27 – 31,

109. *300 Years of Micrology/Histotechnology*, presentation to LAMS, Los Angeles, California, May 1993

110. *Computerized Patient Record Nears Reality*, comments, Chicago Tribune - Nursing News article, June 1993

111. *300 Years of Micrology/Histotechnology, Antique Prepared Slides* workshop presented to National Society for Histotechnologists, Philadelphia, Pennsylvania, October 1993

112. *300 Years of Micrology/Histotechnology,* presentation to the Johns Hopkins Medical Institution Dept. of Pathology faculty and students, Baltimore, Maryland, October 1993

113. *The Microscopic Photographs of J.B. Dancer*, 280 page book published by Science Heritage Ltd., 1993

114. *The Evolution of Lecture Demonstration Tools in the 17th, 18th and 19th Centuries or 300 Years of Show & Tell in Teaching Natural Science,* presentation to the Program of Liberal Studies, University of Notre Dame, Notre Dame, Indiana, January 1994

115. *Organizing and Implementing a Computer-Assisted Hospital Pre-Admission, Testing and Census Control System as an Improved Method of Documenting the Admission Medical Record and Managing Care; Planning and Implementing a Hospital-Based Child Care Center for Employees and Community Families; Planning and Implementing an Off-Balance Sheet Wellness Center in Association with an rban Community Hospital; Implementing an Employee Drug Testing Program in an Urban community Hospital;*

case reports in Healthcare Management, prepared for fellowship fulfillment with the American College of Healthcare Executives, Chicago, April 1994

116. *A Philosophical Discussion for the Formation of a Retirement Facility in Association with a Community Hospital with Special Attention to Satisfy the Basic Needs of an Aging Population*, revision, April 1994

117. *The Microphotographs of Dr. G. Jackson, & The Microscopical Writing Machine of Farrants and Peter*, presentation at Inter-Micro '94, McCrone Research Institute, Chicago, July 1994

118. *The History and Evolution of Natural Science Micrology/Microscopy in the 17th, 18th, and 19th Centuries*, lecture demonstration presented to AFIP, 2/95

119. *The Preparation of Antique Microscope Slides*, workshop presented to Lost Angeles Microscopical Society, 2/95

120. *The History and Evolution of Natural Science Micrology Microscopy in the 17th, 18th and 19th Century*, presented to the Professional Staff Armed Forces Institute for Pathology (AFIP), February 6-7, 1995

121. *The History and Techniques of Arranged Microscope Slides* - InterMicro Chicago, 7/95

122. *The Preparation of Natural Science Specimens for Study with a Microscope in the 17th, 18th, and 19th Centuries,* lecture and workshop for the National Society for Histotechnlogy, Buffalo, New York, October 7 and 8, 1995

123. Lecture/demonstration of antique microscope slides, College of American Pathologists, New Orleans, September 1995

124. *The Preparation of Natural Science Specimens for Study with a Microscope in the 17th, 18th, and 19th Centuries*, lecture and workshop for the New York Histological Society, Flake Placid, New York, May 2, 1997

125. *TurbOflow: A Tissue Processing and Embedding System for the 21st Century*, presented to Microm/Zeiss, Walldorf, Germany, May 5, 1997

126. *A Microscopic View of the 18th Century*, lecture delivered to the American Society for 18th Century Studies, University of Notre Dame, 4/98

127. *The Microscopic Eye of the 18th Century,* lecture presented to the State Microscopical Society of Illinois, McCrone Research Institute, Chicago, 1/99

128. *The Microscopic Eye of the 18th Century*, lecture presented to Medical, Nursing and Administrative staff at Swedish Covenant Hospital, Chicago, Illinois, March 17, 1999

129. *The Evolution of Visual Description, Diagnosis, and Documentation,* published *LabLeader Newsletter,* Summer 1999

130. *An Essay… The Role of a Physician Hospital Chief Executive and the Requirements for a Physician to Form Himself as a Professional Healthcare Administrator submitted for publication?? (3/24/99)*

131. *The Microscopic Eye of the 18th Century,* lecture presented to The Congress of the Institute of BioMedical Science 1999, London, England, September 23, 1999

132. *The Microscopic Eye of the 18th Century,* lecture presented to University of Illinois Alumni, Chicago, Illinois, October 15, 1999

133. *History of Histotechnology,* lecture presented to Richard Allan Scientific Inc., Annual Sales and Marketing Meeting, Richland, MI, April 27, 2000

134. *The Preparation of Antique Microscope Slides*, workshop presented to National Society of Histotechnology, Milwaukee, WI, September 16, 2000

135. *Swedish Covenant Hospital and the Pelam Years 1967 - 2000, Biennial Conference of the IHEA, Taipei, Taiwan, Grand Hotel - October 9, 2000*

136. *The HistoSlide Company, 1945-1955, Quekett Journal of Microscopy, 12/2001, Vol. 39, pp. 179-186*

137. *"Museum Acquires Drawings, Blueprints, Medical Machines from Inventor,* published *Flesh and Bones* newsletter for the National Museum of Health and Medicine, June 2002, Vol. 2, pp 1 and 3, (http://natmedmuse.afip.org/news/mccormick.html)

138. *JB Dancer & Microscopic Photographs of 19th/20th Century Bank Notes*, presented to the Chicago Coin Club, September 11, 2002

139. *The Preparation of Antique Microscope Slides*, 25th Anniversary workshop presented to National Society of Histotechnology, Long Beach, CA, September 28, 2002
